## Graduation Update

May 14, 2020

Greetings Seniors, Friends, and Families,

I hope this letter finds you well as we continue to make adjustments and plans for our graduation ceremony on June 11, 2020 @ 7:00 P.M. We have been working closely with our Seniors, staff and community members to develop this special event under difficult circumstances.

In order to accommodate as many families and friends as possible **we have officially moved the location of the graduation ceremony to The Wiscasset Speedway at 274 W Alna Rd, Wiscasset, ME 04578** . This decision was made after polling the entire Senior class and the majority of respondents chose to change venue.

**This is still a DRIVE-IN event only for families and guests. State guidelines allow for only 50 persons (graduates and speakers) out of their vehicles. Graduates and non-speaking participants will be required to wear masks in accordance with state guidelines.**

Graduates will have the opportunity to process onto the racetrack and staging area. All other plans including a car procession through the town and fireworks display at the school (viewed from cars) will remain as planned.

It is our hope that this change will be a positive one for all our Seniors, their friends, and families. This next month you have the heart and best wishes from the entire school community.

See you on June 11th!

Your Principal,  
Mr. Lomonte
